

DAIRY CATTLE

Special Note:

Since we cannot fit all the Dairy Cattle in the barn at the same time there are 2 shifts of cattle. So if you want to see a specific breed of dairy cattle please check the schedule below.

Also Tuesday, August 30th and Monday, September 5th the dairy cattle barn is empty. On Tuesday, August 30th it is empty so we can clean out, disinfect and re-bed for the next shift of cattle to arrive the next day. On Monday, September 5th it is empty since all the shows are done and cattle are released late Sunday night due to pedestrian traffic. Please check the schedule below to make sure you will see a full barn of dairy cattle on your trip to the NY State Fair.

- However, there are dairy cattle, along with calves all 12 days of the Fair at the Live Birthing Exhibit located next to the FFA building and near the Youth Building.
