

New York State Veterinary Medical Society's Hall of Veterinary Health Schedule 2016

Thursday 8/25

Dog Obedience - It's almost time for back to school – obedience school, that is. Come let the dogs from Teacher's Pet Dog Training impress you with what they've learned this year. Joan Meyers and her canine companions will be demonstrating a variety of obedience and training skills. Learn about some fun and interesting ways to challenge your dog's brain and body! Presentations at 12, 2, and 4pm.

First Aid: Veterinary first aid demonstration at 3pm!

Friday 8/26

Hawks/Falcons/Owls - Cindy Page, from the Page Wildlife Center in Manlius, has been rehabilitating native wildlife for three decades. Injured, ill, and orphaned wild animals are cared for with the intent to release them back to the wild. Come see a variety of non-releasable hawks, falcons, and owls. Meet these beautiful and exciting creatures up close and personal! Presentations at 12, 2, and 4pm.

First Aid: Veterinary first aid demonstration at 3pm!

Saturday 8/27

Shetland Ponies – Personal Ponies, Ltd. will do a live presentation featuring their UK Shetland Ponies. The organization has a 30 year history of breeding and preparing UK Shetland Ponies to work in therapy centers with special needs people. Come and meet these remarkable ponies! Presentations at 12, 2, and 4pm.

First Aid: Veterinary first aid demonstration at 3pm!

Stuffed Animal Giveaway: Children will receive a small stuffed animal (while supplies last) to bring to each display and learn how to care for “new pet.”

Sunday 8/28

Bronx Zoo Vet Academy- What do you do when a tiger has a tooth ache or an elephant has a sore foot? John Sykes, DVM, from the world famous Bronx Zoo, will be teaching kids

about how to care for sick animals at the zoo. Kids will get (free) stuffed animal patients to bring to the many hands-on interactive stations throughout the exhibit as they learn about being zoo vet, including check-ups, x-rays, dentistry, and more! Open continuously throughout the day. Presentations at 12, 2, and 4pm.

First Aid: Veterinary first aid demonstration at 3pm!

Stuffed Animal Giveaway: Children will receive a small stuffed animal (while supplies last) to bring to each display and learn how to care for “new pet.”

Monday 8/29

Reptiles - Diana Sleiertin of MaxMan Reptile Rescue will offer you a chance to meet and greet the reptiles. A great interactive experience and a chance to learn about the dinosaurs' closest living relatives! Presentations at 12, 2, and 4pm.

First Aid: Veterinary first aid demonstration at 3pm!

Tuesday 8/30

Acupuncturist - Dr. Alicia Brown, a certified veterinary acupuncturist, will do a presentation and demonstration of this ancient and fascinating alternative medical approach, discussing its role in pain control, disease management, and general well-being. Other complementary medical approaches such as herbal medicine will also be presented.

Physical Therapy - Jennifer Crompton, a certified veterinary physical therapist, will give a demonstration of how physical therapy can help your dog cope with arthritis and other debilitating muscle, joint, and nerve conditions, as well as speed recovery from surgery. She brings a treadmill as part of demonstrations. Laser therapy will also be demonstrated. Presentations at 12, 2, and 4pm.

First Aid: Veterinary first aid demonstration at 3pm!

Wednesday 8/31

Reptiles - Diana Sleiertin of MaxMan Reptile Rescue will offer you a chance to meet and greet the reptiles. A great interactive experience and a chance to learn about the dinosaurs' closest living relatives! Presentations at 12, 2, and 4pm.

First Aid: Veterinary first aid demonstration at 3pm!

Thursday 9/1

Reptiles - Diana Sleiertin of MaxMan Reptile Rescue will offer you a chance to meet and greet the reptiles. A great interactive experience and a chance to learn about the dinosaurs' closest living relatives! Presentations at 12, 2, and 4pm.

Veterinary Careers - Each of these presentations will be immediately preceded by a talk by Dr. Kathy Earnest-Koons, of the Cornell University College of Veterinary Medicine. Her

presentation, “Veterinary Career Choices: What do you need to do to get into vet school” is an absolute MUST for anyone considering a veterinary career! Presentations at 12, 2, and 4pm.

First Aid: Veterinary first aid demonstration at 3:30pm!

Friday 9/2

Hawks/Falcons/Owls - Cindy Page, from the Page Wildlife Center in Manlius, has been rehabilitating native wildlife for three decades. Injured, ill, and orphaned wild animals are cared for with the intent to release them back to the wild. Come see a variety of non-releasable hawks, falcons, and owls – meet these beautiful and exciting creatures up close and personal! Presentations at 12, 2, and 4pm.

Saturday 9/3

SUNY Career Veterinary Medicine - Representatives from several schools of veterinary technology, including SUNY Delhi and Alfred, will be present to discuss career and educational opportunities. This is a must for anyone interested in this fascinating and rewarding career path. The presentation “Veterinary technicians – who are we??” will be given at 12, 2, and 4pm.

First Aid: Veterinary first aid demonstration at 3pm!

Stuffed Animal Giveaway: Children will receive a small stuffed animal (while supplies last) to bring to each display and learn how to care for “new pet.”

Sunday 9/4
