**REMINDERS** - **The Youth Goat Program runs for 7 days.** Youth goats can come in on Tues. Aug 20 between 6 am and midnight OR Wed. Aug 21<sup>st</sup> (6 to 9 am). **Goats MUST be in place by 9 am on Wed. and remain until Tues. evening, Aug. 27<sup>th</sup>.** No tack pens will be available. Please note that Youth Meat Goats also competing in the Boer Goat Open Show need to leave the fair by 10 pm on Tuesday, Aug 27<sup>th</sup> and return again later in the week. Dairy Goats competing in both the Youth Show and the Dairy Goat Open Show may stay over. **UPON ARRIVAL,** please enter through Gate #7 and go to Gate #11. Turn left down Belle Isle Rd and turn right on Livestock Rd. just past the end of the Expo Center (road is marked). Goats and health papers must be inspected at the Veterinarian Station next to the Goat Barn. Please give the Veterinary Slip (NYS Fair Livestock Entry Permit) to the Superintendents immediately to ensure you get your premiums. Do not unload until you have been granted permission. There is a mandatory meeting for all Youth Goat Exhibitors at 10.30 am on Wed. Aug 21st. If competing for the Kimber Hamm Goat Rancher Award, submit your project notebook by 10 am Thurs. Aug 22nd. **All meat and dual-purpose goat breeds in addition to Boers are encouraged to enter the Youth Meat Goat Show** in the appropriate age classes and grouping (Fullblood/purebred or Percentage) and will show together. However, line up will be divided into Boers and “All other breeds (AOB)” with separate scoring/ribbons for each of the 2 categories.

**Horn Policy** - **In accordance with ADGA rules, no dairy goats with natural horns may be shown. NO EXCEPTIONS.** Although scurs and deformed horns from faulty disbudding ‘are technically allowed, judges may interpret this restriction differently and judges’ decisions are final. Therefore, we **recommend** “playing it safe” and trimming any scurs left from faulty disbudding well before the state fair to ideally 1 inch or less in length/height. **Meat and working goats with horns are allowed, but aggressive horned goats may be required to be artificially tipped or to leave the fairgrounds at the discretion of the superintendent.**

**The Goat Judging Clinic and Contest** begin at **1:30 PM** on Mon. Aug 26th following the Youth Meat Goat Show. **All senior and junior youth competing for the Kimber Hamm Goat Rancher award do oral reasons on a pre-**

**determined meat goat class.** Seniors may additionally do oral reasons on the pre-determined dairy class if competing in the total Judging Contest.

**National Code of Show Ring Ethics** - The Youth Goat shows and activities operate under the code of the Int'l. Assoc. of Fairs and Expositions, which states that "Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show mgmt., or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them." Violations will be disciplined in a manner appropriate to the infraction and may involve a warning, suspension, dismissal from the fairgrounds and/or full dismissal from the overall youth program. **Any infractions requiring discipline will be subject to review by the superintendent and 4-H staff.**

**Working goat classes** - To show at State Fair, working goats must be  $\geq 6$  months old and may be wethers, fertile/sterile does or hermaphrodites. NYS 4-H pack goat and harness goat project record books are available online at <https://cals.cornell.edu/nys-4-h-animal-science-programs/livestock/goats/working-goats>. Currently only pack goat classes are offered at the State Fair. The first is the showmanship & fitting class where exhibitors enter the ring with no pack on their goat and then tie their goat with a quick release knot to put its pack on. The exhibitor carries in their own pack or on their person, the following emergency survival essentials: filled 1 liter water bottle, no-cook snacks, map, compass, sunscreen, insect repellent, first-aid kit, fire-starter kit in waterproof container, flashlight/headlamp with extra batteries, whistle, signaling mirror, strong twine or rope, and an emergency space blanket. Fire starter kit should not include real matches (use empty match box or match book). The second class is the trail challenge class. **Both classes are for trained pack goat projects specifically.** Dairy and meat does trained for packing may show in their appropriate dairy or meat goat show as well as in the working goat show.

Come prepared to participate in the **Team Goat Fitting Exhibition** to be held Wed. Aug 21st at 3:30 pm. Any youth goat exhibitor is welcome to participate. Since it is an exhibition and NOT a contest, youth may form any team they wish. Teams must provide their own animals and their own supplies.

**County Day** – Each county needs to sign up for a day when youth and parents from that county are responsible to help in the goat tent by setting up, assisting during events, and cleaning up between and after events.

**Lease Policy** - Youth who own no goats may lease two non-owned goats as 4-H projects BUT may be restricted to showing only one goat per youth fair, youth exhibition, or 4-H show/exhibition **at their county's discretion.**

**Youth who own dairy, meat or pack goats may lease ONE goat of another type.** E.g., Youth owning dairy goats may lease one meat or working goat. Youth owning meat goats may lease one dairy or working goat. As with owned goats, all non-owned goats must be designated in the exhibitor's name and cared for by that exhibitor by no later than June 15 of the current year. A completed non-ownership certificate available from county 4-H offices, must be supplied along with registration papers (meat or pack goats do not need to show registration papers if unregistered) to prove designation. **A copy of the non-ownership papers must be brought with you to the NYS Fair along with registration papers!**

**Please limit post entries and last minute substitutions.** Making major changes to the class lists at check-in causes unacceptable delays in getting class lists finalized and show books printed. We understand that some county fairs occur very close to the August 4<sup>th</sup> entry deadline. If you are in doubt as to which of your animals will qualify, PLEASE list ALL possible entries to the NY State Fair rather than planning on making substitutions. It is far easier for us to delete extra goats on Wednesday rather than typing in lots of new goats.

Although state-wide health requirements have loosened slightly with regard to rabies vaccination, **requirements for the State Fair fall under the Onondaga Health Department requirements. These state that "ALL GOATS OVER 3 MONTHS OF AGE (as of 2 weeks prior to arrival at the fair) MUST BE "OFFLABEL" VACCINATED FOR RABIES AT LEAST 2 WEEKS PRIOR TO ARRIVAL AT THE FAIRGROUNDS AND NOT MORE THAN 365 DAYS PRIOR."** We strongly encourage you to vaccinate any goat that is 84 days or older at least 2

**weeks prior to the fair if your veterinarian agrees.** Otherwise, State Fair staff *may* require that goats <4 mo. of age and unvaccinated be screened from the public. Do yourself a favor and vaccinate your 3 mo. old kids!

#### **\*\*New for 2024**

**Give-A-Kid Scholarship Program-** The purpose of the Give-A-Kid Scholarship Award is to help encourage youth participation in showing and/or to participate in educational events related to goats at the NYS Fair. A dairy goat kid will be awarded to a youth 8 to 18 years of age who participates in showing dairy goats in either the youth or open show at the NYS Fair and/or participates in any goat related educational event during the youth week of the NYS Fair. Youth do not need to show a goat at the fair or currently own a dairy goat to be eligible. Selection of the Give-A-Kid Scholarship Program will be done by a drawing prior to the open show. For every event that youth participate in, they will receive one entry into the drawing. For example, youth could receive one entry for showing, one for goat judging, and one for quiz bowl and as a result be entered in the drawing three times. This award will be given the second week of the NYS Fair. Entries will be determined by using the registration and results for each contest. The scholarship kid will be entered in the open show and the winning youth will have the opportunity to show that kid in the open show.

Scholarship Rules: 1. Participate in at least one goat educational event at the NYS Fair during the youth week and/or show a dairy goat in the youth or open show at the state fair. 2. The recipient must have not received a goat from this program previously. 3. If the youth is unable to keep the goat kid, it must be returned to the breeder to be rehomed to another NYS youth member. 4. The youth must have their parent/guardians’ permission to receive the goat kid. 5. The youth must have a location and the means to take care of the goat kid properly. 6. Record books are not required to be eligible for this award. 7. If the winning youth is unable to pick up the goat kid at the state fair, arrangements will need to be arranged between the winner and the breeder of the goat kid.
