New York State Fair Mission Statement

New York State is agriculture, youth, education, industry, diverse cultural traditions and more – our treasured past and brilliant future.

The primary purpose of the New York State Fair is to conduct an annual celebration of the economic, cultural, and institutional strengths indigenous to New York with a special emphasis on agriculture as one of the State’s largest and most important industries. Along with thirteen-days of expositions, the Fair will offer various forms of affordable entertainment and amusement for families and friends, and showcase the talents, skills, and aspiration of our youth. The Fair will also promote agricultural growth and awareness through educational programs, Statewide competitions in breeding and showing of livestock, and by promoting and supporting the sale of the State’s agricultural and food products.

The Fair administration will proficiently and effectively promote the ongoing use of the Fairgrounds to realize the full potential of the Fair as a leading center for exhibitions, trade shows, agricultural events, and cultural and entertainment productions. At the same time, the Fair administration will foster State pride and maximize revenue while preserving the character and tradition of the Fair.

With a full embrace of the State’s insignia, “Excelsior,” the Fair will be operated according to the highest standards of professionalism and ethical conduct.

Autumn Lavine – 4-H State Fair Program Coordinator

PURPOSE OF 4-H INVOLVEMENT AT STATE FAIR

4-H is the youth education component of Cornell Cooperative Extension representing a partnership between the Cornell Colleges of Agriculture & Life Sciences, Human Ecology and County Cornell Cooperative Extension Associations.

New York State 4-H Mission Statement

4-H connects youth to hands-on learning opportunities that help them grow into competent, caring, contributing members of society.

The primary purpose of 4-H participation at the New York State Fair (NYSF) is to advance the 4-H mission in an environment that creates unique positive youth development opportunities in the following areas:

- Providing another level of 4-H evaluation and feedback from positive, supportive adults that encourages further skill development and mastery in 4-H.
- Opportunities for youth to engage with positive and supportive adults in ways that enhance their overall 4-H experience and adds value to their local experiences.
- Developing career readiness skills for participating youth, particularly in the areas of responsibility, accountability, communication, and teamwork.
- Allowing youth from diverse backgrounds and locations to work together, learn from one another, and increase their knowledge and appreciation for the diversity of New York State and the 4-H program.
- 4-H at the NYSF – The NYSF provides a highly public venue for 4-H to showcase the diversity of its programs and positive youth development framework to residents of New York State, NYS Government officials, Cornell University leaders and the media.
- The NYSF 4-H Youth Building provides a zone of hands-on education and interaction for families attending the Fair who are looking for this kind of education and entertainment.

4-H Youth Development Programs are open to all youth in grades K – 12 throughout New York State, regardless of geographic location, ethnicity, racial, economic, sexual orientation, gender identity, physical ability and educational backgrounds.

Rules & Regulations

1. All participants in these departments shall be participants in organized youth programs in New York State. See each Section for specific requirements.
2. The New York State 4-H Membership year runs from October 1 to September 30. Youth who are five years of age, on or before January 1 of the current club year, may participate as a 4-H Cloverbud** member. Youth who are eight years of age, on or before January 1 of the current club year, may participate as a full 4-H member. Youth who turn nineteen years of age, on or before January 1 of the current club year, may not participate as a 4-H member. Persons with an intellectual disability may participate fully in 4-H programs if their developmental age is considered to fall between five and nineteen years of age.

***Cloverbuds are not eligible to participate in Animal Programs at the State Fair and are not eligible for premiums.*

3. Contestants in the agricultural education contests must have been regularly enrolled in high school agricultural education classes and belonged to FFA the previous school year and have not previously participated in a national FFA contest of the same kind.
4. For non-animal exhibits, there are two accepted certifying agencies for making entries in the Youth Department of the New York State Fair: The Cornell Cooperative Extension Associations and New York City 4-H Programs and the Ag Education (FFA) organization. All entries for the New York State Fair - Youth Building Department 50 shall be made through the appropriate authorized representatives of these organizations.
5. **All entries for the New York State Fair Animal Science Department 51 will be made individually at <https://nvsfvs.fairwire.com/> and must receive endorsement of the appropriate authorized representatives.**
 - a. **Exhibitors must receive endorsement of a county 4-H Educator, FFA Advisor or other breed organization as permitted by the specific department. Any entry that does not receive endorsement may be scratched.**
 - b. **Additionally, all exhibitors must meet all the requirements set by that organization (i.e., membership, ownership, specific class requirements, etc.) as well as any animal health and registration requirements specified by their department.**
 - c. **Exhibitors are responsible for emailing their entry receipt to their County Educator and Department Superintendent. [A directory of these contacts is located here.](#)**
6. All exhibits must be grown, made or prepared, and owned by the exhibitors during the current project or supervised practice year and must meet the specific requirements of the appropriate section. All exhibits must demonstrate healthy lifestyle choices; ALCOHOL, DRUGS AND/OR TOBACCO are not allowed as part of the exhibit. Certification must be made to this effect on the entry blank by participants and the authorized representative of the appropriate organization in the participating county.

For instructions on using the online entry system [click here](#). No snail mail or faxed entries will be accepted. All entries must be quality endorsed by a 4-H Cornell Cooperative Extension Youth

Educator, FFA Advisor or authorized representative of a qualified breed organization before entry will be considered completed. Endorsing organizations will receive lists of entries to approve following entry submissions. Any entry that does not receive appropriate endorsement will be scratched.

8. Each Universal Evaluation and Statement for Youth Dept. 50 must be completed and attached to the exhibit. The entry cards need to be completed by **typing or in legible handwriting**. *If bringing in exhibits not made in a 4-H environment, the exhibit needs to have a strong connection to a 4-H learning model and that needs to be reflected in the Exhibitor Entry Statement.* The Universal Evaluation can be accessed on the NYS 4-H Website to be completed and printed to attach to the Exhibitor Entry Card. The Entry Statement may also be printed off and completed in legible handwriting or typing.
9. For each exhibit entered for evaluation in Youth Dept. 50, the Exhibitor Entry Card and Statement (EECS/green card) must be completed and include all the additional information requested on the form as well as any specific information requested within a section/class in the fair book. If entry has more than one piece, state the number of pieces and attach a nametag to each piece. In the fair book where it says “green card and/or Exhibitor Information Statement (EIS)”, this is now referring to the Exhibitor Entry Card and Statement (EECS).

State Fair Overnight Housing Policies & Information

All Youth Department participants staying overnight on the New York State Fairgrounds are required to sleep in the Youth Building Dormitories (YBD), or the Dairy Cattle Building (DCB). All youth who choose to stay in the Dairy Cattle Building must go through the proper overnight registration process and have an assigned, approved chaperone. Chaperones must be approved through Cornell Cooperative Extension or an approved NYS Fair affiliated organization (FFA, breed association), agreeing to the CCE Statewide Chaperone Guidelines found at <https://nys4-h.org/4hpolicies>

Only registered youth dairy cattle exhibitors have the option of staying in the Dairy Cattle Building. All youth who choose the DCB will need to register through their 4-H Educator, FFA Advisor, or Breed Association Representative going through the proper overnight registration process and have assigned chaperones cleared through 4-H, FFA or their Breed Association. Registration for both the YBD and the DCB must be done through and with the approval of Cornell Cooperative Extension offices.

- All youth dairy cattle exhibitors choosing the DCB for overnight lodging will be required to complete the DCB overnight registration and follow all the overnight dormitory rules and deadlines including those entering with the endorsement of FFA/Ag Advisor or a qualified Breed organization representative.
- **No other animal exhibit areas are designated for overnight sleeping and therefore Youth Development animal participants will not be permitted to sleep in any other animal exhibit area.**
- **The only exception to these overnight rules is for parents or legal guardians to stay in area Hotels or Campers on the State Fairgrounds.** Parents and legal guardians who choose this option must turn in the Housing Exception Form available from their local Cornell Cooperative Extension office.
- **This Housing Exception Form DOES NOT include lodging or staying in an animal barn.** Parents or legal guardians will thus assume full responsibility for the action and well-being of each of their children for whom an exception is requested and approved.
- All persons using the dormitory should receive an orientation to the NYS Fair Rules and Regulations prior to their arrival at State Fair. It is especially important that Chaperones understand what is expected of them.
- The State Fair Dormitory Rules and Regulations protect the health, safety, and well-being of its residents. Several of the regulations are required by NYS Health and Fire Safety agencies. Officials of those agencies conduct regular inspections.

Youth Building Dormitory Information

Access is through the center of the Youth Building via stairway to 2nd floor.

Cost - \$2 per night, per person; plus \$1 deposit for dorm button (\$1 is refunded at check-out time with return of dorm button). Replacement buttons \$1. The \$2 per night per person is billed to the county and is not paid at State Fair.

Check In – Chaperones must be present when checking youth into dorms. Chaperones are required to reside in the dorms along with youth they are chaperoning. Dorm registrations require a completed dorm form and exactly \$1.00 as deposit for a dorm button. When possible, dorm residents will be allowed to select beds. Do not select top bunks without railings for safety reasons. The dorm office needs to be notified of any bed changes. In an emergency, an accurate bed location list is critical for maintaining safety and security.

Check Out – 12:00 NOON on departure day (earlier if possible). For the last day, check out is at 9 AM. All items should be removed from bunks. Youth and adults may store property in a locker or along the wall of the dorm until 6 PM on the day they are leaving. A pass will be issued for re-entry to collect property. ** An additional \$2 may be charged for anyone checking out after NOON.

Dorm Residents – Are ONLY youth ages 5 and older with State Fair activities or duties. All youth residents require assigned adult chaperones (21 yrs. & over). No children under 5 years of age are allowed to stay in the dormitories. The Youth Building Dormitory provides separate sleeping and bathroom facilities for males and females. The policy is that all males (both youth and chaperones) will utilize the male designated facilities and all females (both youth and chaperones) will utilize the female side of the dorm. Every attempt will be made to provide accommodation to youth and adults with special circumstances related to this policy. For example, transgender youth and adults are encouraged to reside in the dormitory and utilize the facilities that corresponds to their gender identity. All adults staying in the dorm should be screened according to the Volunteer Involvement Policy guidelines (background checks for all adults and DMV checks for drivers).

Curfew – All youth will be in the dorm between 10:30 PM and 7 AM unless attending a specific evening event with written parental and/or chaperone permission. If youth are out of the building for any reason after 10:30 pm they must be with an adult. All 4-H Teen events held in the youth building will end no later than 10:30 PM.

Youth Orientation Meeting will be posted and held several times throughout the course of the Fair. These will be announced well ahead of time. Youth should be oriented to the NYS Fair Rules and Regulations prior to their arrival at State Fair.

Security – The New York State Fair provides Security Personnel to ensure the safety of all residents of the dorm and Youth Building.

Chaperone orientation for the youth building and in the Dairy Cattle Barn will be posted. It is especially important that chaperones understand what is expected of them. All persons using the YBD or DCB for overnight housing should receive an orientation to the NYS Fair Rules and Regulations prior to their arrival at State Fair.

State Fair Overnight Resident Rules & Regulations

Please read these rules carefully. Overnight residents are asked to quiet down after “lights out” at night, and dress quietly in the morning. Youth should be instructed to direct any questions or problems to their own organization’s chaperone. Youth are responsible for abiding by any special county/organization’s code of conduct, even when more stringent than that expected of other young people in the dorm. Violations of the following Rules & Regulations may result in any or all the following: expulsion from the dorm, forfeiture of awards and/or premiums, dismissal from the participant’s Sports Association, guarantee and privilege of further participation in the State Fair Program. Residents are responsible for all damage beyond normal wear.

- All residents shall always act in a mature and morally responsible manner, recognizing the basic rules of society and the rights of others.
- All youth must be chaperoned by approved county or program personnel or designated approved volunteers. Chaperones must be 21 years of age or older.
- ALL NY State Fair Dormitory residents over the age of 21 must have been cleared through a background check by their certifying agency. Dairy Cattle Barn chaperones must be background checked as well.
- All persons entering the Fairgrounds, including residents’ baggage will be subject to search at any of the bag check areas.
- No weapons, firearms of any type, alcohol or illegal drugs are permitted in the dorms. Possession or use of these items is grounds for dismissal from the dorm. Chaperones will notify the youth’s parent or guardian of violations and ensure that the youth have safe transportation home if dismissed from the dorm.
- County or program staff will be responsible for following through on dismissals. Smoking or tobacco products, food, beverages, or hot plates are not allowed in the dorms. No animals, except for service animals, are allowed in the dorms.
- Entry to the Youth Building Dormitory is through the center doors of the Youth Building and requires a dorm button.
- All youth will be in the Youth Building Dormitory or Dairy Cattle Barn between 10:30 PM and 7 AM unless they have written parental and/or chaperone permission and are accompanied by an approved adult. If the fire alarm sounds in the Youth Building, exit immediately, follow the posted exit maps, and go to the shelter adjacent to the FFA Building. When you first sign into the dorm, check with your chaperone for that meeting location. If the fire alarm sounds in the Dairy Cattle Barn youth should exit the building through the closest exit and meet in a predetermined spot with their chaperone.
- All doors are to be kept closed as directed. The Youth Building has a blue light security system in operation. No one should at any time open the outside exit doors to allow access to the dorm unless there is an emergency.
- Curfew is 10:30 PM. All 4-H Teen Events will end by 10:30 PM.
- Quiet hours are 11PM to 7AM for both youth and adults. No non-emergency cell calls during this time.
- Switching/rearranging beds is not permitted. Sleeping on the floors is not allowed.

- Hair dryers & curling irons must not be used at or near the beds. Electrical cords, including cell phone chargers, cannot be run across the dorm floor or into the lockers
- Nightlights must always remain on.
- Nothing is to be hung from or attached to the sprinkler pipes. No tenting with sheets in bed spaces allowed.
- Roller blades, skates, skateboards, scooters or bicycles are not allowed on the Fairgrounds.
- Children under the age of five cannot stay overnight in the dorms. Youth must stay in their assigned dormitory for the duration of their stay.

Chaperone Guidelines & Expectations

- Chaperones must be 21 years of age or older and background checked by their Cornell Cooperative Extension County Association or participating organization. All chaperones should read and be familiar with the Guide for 4-H Staff and Volunteers at State Fair.
- Chaperone orientation for the youth building and in the Dairy Cattle Barn will be posted. It is especially important that chaperones understand what is expected of them. All persons using the YBD or DCB for overnight housing should receive an orientation to the NYS Fair Rules and Regulations prior to their arrival at State Fair.
- Chaperones are responsible for all assigned youth participants.
- Chaperones must stay in the dorm or dairy cattle barn with youth participants being chaperoned.
- Youth being chaperoned must have a qualifying adult to report to staying in the dorms.
- Chaperones must know and follow the rules & regulations of the dorm (ex. Curfew, quiet hours). See Dormitory Rules & Regulations.
- Chaperones should review emergency procedures, blue light system, exit locations and designate a meeting spot away from the Youth Building (behind the FFA Building) in case of fire and at a designated location outside the dairy cattle barn.
- Chaperones must physically check-in all their assigned county participants each night between 10:30 – 11:00 PM.

- Animals demonstrating clinical signs or other evidence of infectious, contagious, or communicable diseases shall not be allowed on the fairgrounds during a fair.

- All animals presented that originate from a location other than New York shall meet all New York State importation regulations appropriate to the species in addition to the fair animal health requirements.

CVI & Animal Identification Requirements Overview

Cattle, Sheep, Goats, Swine, Llamas and Alpacas, Cervids, Misc. Ruminants

- Review the animal health requirements booklet including information for your species **before** your veterinarian arrives to inspect your animals. If you have any questions, **ask**.
- Your veterinarian is responsible for inspecting your animals and completing the certificate of veterinary inspection (CVI). Call **early** to avoid the last-minute rush when mistakes are made and there is no time to correct.
- Make sure **840** ear tags (RFID or visual) are present on cattle and swine and USDA approved scrapie ID is in place on sheep and goats.

- Llamas and alpacas require a microchip or ear tag. If a microchip is utilized, make sure the veterinarian confirms the microchip ID or places one. If your animal is identified by a microchip, make sure you bring a working reader with you to the fair.
- **ALL IDENTIFICATION MUST BE RECORDED. Make sure it is.**
- Review the CVI carefully upon receipt to make sure all the information is correct including any required test or vaccination information.
- **DO NOT** stuff it in an envelope and assume all is well. The time to correct is before pulling them out at the fair. The CVI is your document and you share responsibility if it is incorrect.
- If you are **importing** livestock from out of state make sure the interstate requirements are met and you have a valid **interstate certificate of veterinary inspection**.

Poultry

- Schedule pullorum flock inspection and testing well ahead of the fair if your flock is participating in the NPIP program.
- If you're having your birds tested within 90 days of the fair you must go to a pullorum clinic. Available clinics are listed on the Dept. website. No individual testing is available if you miss a clinic.
- Birds qualified by 90-day test must be identified by official leg band.
- **Bring documentation** with you to the fair in the form of a 1) current NPIP certificate, 2) 90-day test chart or 3) purchase receipt with NPIP certification within 1 year of the date of admission to the fair.

Horses

- NY origin horses must be accompanied by a negative EIA test report. The date of sample collection for the qualifying EIA test must have been on or after January 1, 2021.
- **Imported** horses must be accompanied by an interstate certificate of veterinary inspection with a **negative EIA test within 12 months**. Rabies vaccination information can be incorporated into the CVI.
- Drawing or photograph **must** match the horse.
- Rabies vaccination must be within 1 year of arrival at the fair and be documented by a **signed** rabies certificate or a signed statement on the EIA test chart with the required information (see requirements).

MOST IMPORTANT

When you are loading your livestock for the trip to the fair take the time to examine them. Make sure they are the same animals that are on the paperwork and, if they are showing any signs of illness, **LEAVE THEM HOME**.

Certificates of Veterinary Inspection (CVI)

- Cattle, sheep, goats, swine, llamas, alpacas, deer, and misc. ruminants, require a valid CVI to enter the fairgrounds.
- The CVI must be issued by a Category 2 accredited veterinarian.
- All animals must be officially identified. **ALL MANMADE ID MUST BE RECORDED.** Refer to Animal Identification section below for more information.
- Only one species is allowed per certificate.
- The type and duration of certificate required depends on the origin of the livestock.

New York Origin Livestock:

- A valid intrastate CVI (AI-61) is required.
- Each animal must be individually identified on the CVI (see below).
- The CVI must be issued on or after May 1 of the current year.

Out of State Origin Livestock:

- All animals entering New York State must satisfy import health and test requirements for that species and be accompanied by a valid interstate CVI.
- The interstate CVI is valid for 30 days from the date of CVI inspection. During the fair season (July 1 through Labor Day) valid CVI's can be used multiple times for entrance into fairs. The initial entrance into a NY fair must be within 30 days of the date of CVI inspection. For the CVI to be used for a later fair, it must be dated and initialed by a NY state official noting the location of the initial fair. A change in health status or eligibility of an animal necessitates the generation of a new CVI.

Questions regarding import requirements should be directed to the Division of Animal Industry at 518-457-3971, or at the division's homepage: http://www.agriculture.ny.gov/AI/import_export.html

Animal Identification

- **ALL MANMADE ID MUST BE RECORDED**
- Cattle must be identified by an official USDA radio frequency identification (RFID) ear tag, commonly referred to as an "840 RFID tag," or an equivalent official RFID tag if the animal was tagged in another country. Cattle which are already identified with 840 visual ear tags will be exempt from the 840 RFID tag requirement.
- Sheep and goats must be identified by official scrapie identification (see sheep and goat sections).
- Swine must be identified by an official USDA radio frequency identification (RFID) ear tag, commonly referred to as an "840 RFID tag" or an equivalent official RFID tag if the animal was tagged in another country. Swine which are already identified with 840 visual ear tags will be exempt from the 840 RFID tag requirement. Nursing piglets do not have to be individually identified if the sow is correctly identified on the CVI and the number of piglets in the litter is noted on the CVI.
- Deer/elk must be identified with an official ear tag.
- Llamas and alpacas must be identified by official ear tag or microchip.
- Misc. ruminants must be identified by unique ear tag or microchip.
- A complete written description is sufficient identification for horses entering New York accompanied by a CVI. The description must match the EIA test record. Horse sketches and descriptions should reference color pattern, hair whorls, chestnuts, scars, and other markings as necessary to uniquely identify the horse. Tattoos and microchips if any should be included. "Bay, no markings" is not an acceptable description for a CVI or EIA test record.
- ***NOTE:** If you are exhibiting animals identified by microchip, a working reader must be supplied by the exhibitor.*
- For questions on animal identification please contact your veterinarian or our office at 518-457-3502.

Rabies Vaccination

RABIES VACCINATIONS ARE REQUIRED BY ONONDAGA COUNTY FOR ALL LIVESTOCK

NO EXCEPTIONS!

- Rabies vaccination is required for all species for which there is a USDA licensed vaccine available (cattle, horses, sheep, dog, cat, ferret) and that are 4 months of age or older on the date of admission to the fair.
- **PER ONONDAGA COUNTY RULES** all goats, swine, and llamas over three (3) months of age must be “off label” vaccinated for rabies. All species (goats, swine, and llamas) must be vaccinated at least 14 days prior to arrival on the Fairgrounds and not more than 365 days prior. If an exhibitor has a specific question regarding the “off label” vaccination of their animals, contact the Onondaga County Health Department, Bureau of Animal Disease Prevention at (315) 435-3165.
- Vaccine must have been administered within the past 12 months. The exception is Imrab LA vaccine used in sheep which protects for 3 years after the second annual vaccination (consult your veterinarian).
- The rabies vaccination requirement must be met on the day of admission even if the animal was previously admitted to a fair when too young to vaccinate.
- ***NOTE: Individual fairs can require animals for which there is no approved rabies vaccine to be vaccinated for rabies. The requirements outlined above would apply. The fair is responsible for notifying exhibitors. The New York State Fair requires rabies vaccination for all livestock species entering the grounds.***

Acceptable Proof of Rabies Vaccination

- Acceptable proof of rabies vaccination must include a signed written statement from the veterinarian administering the vaccine or a valid certificate of veterinary inspection that has the vaccination listed and is signed by the Category 2 accredited veterinarian. Proof of rabies vaccination must include the name of the product used, the date of administration and the duration of immunity if longer than one year.
- All veterinary certificates must clearly identify the mammal immunized. Certificates must include species, sex, age, breed, owner’s name, address and telephone number, vaccine manufacturer, date of vaccination, expiration date of vaccination and the veterinarian’s signature, address, and license number.
- All goats, swine and llamas must be accompanied by a certification of administration.
- In compliance with the terms of the New York State Sanitary Code a mammal vaccinated by “off label” use will be treated as a non-vaccinated animal if it is exposed to rabies or if it bites or otherwise potentially exposes a human to rabies.
- If the statement of rabies vaccination is included on an EIA test record, it must be signed separately in addition to the required EIA test record signature.
- ***NOTE:*** Rabies titers are not acceptable proof of rabies protection and cannot be used to meet entry requirements.
- Acceptable proof of vaccination for dogs is a valid vaccination certificate or a copy of the dog license that contains the rabies vaccination information.

Monitoring & Exposure

- ***Event Monitors:*** Clearly identifiable exhibitors or their representatives shall be always present to monitor public contact in a good faith effort to comply with this order.

The exhibitors are to assure that exposures are reported immediately, but no later than twenty-four (24) hours after occurrence to the Onondaga County Health Department. Minimum information shall include name, address and phone number of person exposed, identification of the mammal involved and a brief description of the incident (date, time, location, circumstances surrounding the incident, etc.) See Superintendent for Animal Incident Report.

BVD-PI Testing

- All cattle, llamas and alpacas exhibited at NY county fairs or the State Fair must be negative to an approved test appropriate to detect Bovine Viral Diarrhea persistent infection (BVD-PI). The testing veterinarian is responsible to make sure the proper test is conducted. This is a once in a lifetime test that must be reported on the required certificate of veterinary inspection. The issuing veterinarian is responsible for verifying the validity of the test, the identification of the animal and recording the test date on the CVI. If a previous test is not verifiable the test must be repeated.

Cleaning and Disinfection

Calving, Kidding, and Lambing

- Any cattle, goats, or sheep that calve, kid, or lamb while at a county fair or the State Fair will be ordered removed from the fairgrounds along with their offspring, unless the animals are part of a birthing demonstration.

Co-mingling of Sheep and Cattle

- Due to the potential spread of malignant catarrhal fever from sheep to cattle, it is strongly recommended that cattle be kept separate from sheep.

Co-mingling of Swine and Poultry

- Due to the potential spread of influenza viruses, it is recommended that swine and poultry be housed in separate locations.

-

Isolation on Returning Home

- The owner or custodian shall keep show animals biologically separate from the herd or flock for a period of at least two weeks after returning to the premises of origin. If any illness is noted in the exhibition animals, the owner should contact their veterinarian immediately.

GENERAL INFORMATION

A. Premiums

All premium money will be distributed to Department 51 exhibitors based on the number of days their animal or animals are required to be on the fairgrounds. It is estimated that each exhibitor will receive approximately \$12.00 per day, regardless of the number of animals of a species exhibited by that individual exhibitor or the distance of the exhibitor's home from Syracuse. Failure of individual exhibitor or county groups to maintain an appropriate exhibit as determined by the Superintendent of that species will result in one warning, with any further failure followed by a loss of premiums to that individual or county group. The number of days exhibited animals are required to be in place is:

Dairy Cattle - Holsteins	6 days
Dairy Cattle - Colored Breeds	6 days
Beef Cattle	4 days
Dairy and Meat Goats	7 days
Sheep	6 days
Swine	4 days
Dogs, Rabbits & Cavies**	# of contest days
Horses	# of contest days
Poultry	1 day or # of days required on display

Horses exhibited, both those on quotas as well as those not considered within regional quotas, will receive premiums based on the number of days participating in classes.

** Youth Dog, Rabbit & Cavy Exhibitors participating in Youth Dog, Rabbit & Cavy Breed Show will receive a premium.

B. Agricultural Exhibits

A premium will be given to youth members who design and create an agriculturally related educational exhibit such as a poster or table display in one of the Livestock barns, Youth Building or Coliseum. The intent is to promote the Agriculture Industry and to educate the public. Individuals must register their exhibits with the Youth Superintendent by the arrival deadline time for that species and must have received endorsement from their 4-H Educator, FFA Advisor or other breed organization representative as permitted by department.

C. Housing

All 4-H and other youth animals must remain in place until officially released. See information on making open class entries under rules for each show.

- a. **Dairy Cattle** - To be housed in the Dairy Barn. All Youth Dairy Cattle must be clearly marked as Youth exhibits. All Youth Dairy Cattle must remain in place until the official release time.
- b. **Beef Cattle** - To be housed in the Beef Barn as directed by the Superintendent.
- c. **Sheep** - To be housed in the Sheep Tent
- d. **Swine** - To be housed in a section of the Swine Barn specifically designated for Youth swine. Strong pen dividers to be brought by exhibitors may be used to give more efficient use of the available space.
- e. **Goats** - To be housed in the Open Goat Barn.
- f. **Horses** - To be housed in 4-H Pole Barns, numbers to be determined, by regions. Specific regional assignment to be made on basis of need and available space.
- g. **Dogs** – Go to <http://4h.ansci.cornell.edu/animal-programs/dogs/> for more information.
- h. **Rabbits** - No official housing. Exhibitors participating in Saturday & Sunday events may house rabbits overnight in the Youth Arena. Rabbit cages, feed, etc. are to be supplied by exhibitors.
- i. **Poultry** – will be housed in the Poultry Building.

D. Feeds, Bedding and Supplies

Initial bedding (light layer of sawdust or straw) only will be supplied to each exhibitor other than those with horses, dogs, or rabbits. **All additional bedding, all hay and all grain or other feeds must be supplied by the exhibitor. It is strongly recommended that the materials be brought to the fairgrounds with the exhibited animals. All forks, shovels, buckets for feed and water, hoses, wheelbarrows, baskets and so forth must be brought by the exhibitors.**

Feed for Poultry will be supplied by the New York State Fair. Animals will be fed and watered by the Poultry Department Staff.

E. Exhibitor Dormitory Facilities

All Dept 51 participants staying overnight on the New York State Fairgrounds are to sleep in the Youth Dormitories. No Dept 51 participants may sleep in the Youth Department animal exhibit areas. Parents (or legal guardians) of Dept 51 participants may request exceptions to these rules through prescribed written application forms available from Cornell Cooperative Extension offices and will thus assume full responsibility for the action and well-being of each of their children for whom an exception is requested. Questions are to be directed to Autumn Lavine, 4-H Program Coordinator. Individual county rules will prevail where more restrictive.

F. Ownership

Under very limited conditions, 4-H'ers may designate and exhibit a "non-owned" project animal in State Fair Dept 51 classes. These exhibited animals must have met with all county requirements, be accompanied by appropriate health certification, and have appropriate ownership identification. Market Steers, Lambs and Hogs must be owned by the Exhibitor, "non-owned" project animals may not be entered in these classes at the New York State Fair.

G. Records

Accurate and complete record keeping is an important part of all 4-H Animal Science projects. All exhibitors should bring their complete up-to-date records to the fair to show the CCE, the Fair staff and the public their year's work. In some sections this is an absolute requirement to show at the State Fair, but it is recommended for all.

H. Drug Testing

Any animal exhibited by a youth member may be subject to drug testing as deemed necessary by the Superintendent, Educational Coordinator, Animal Science Youth Extension Team Leader, or Department of Agriculture and Markets. If a positive result is obtained, the youth will be barred from showing animals at the State Fair, forfeit all premium money and awards and will be referred to the State 4-H Office. If the animal or animal's products are sold at the Fair, the youth will be required to re-pay any money received and may be liable for any legal actions.

D. DAIRY CONTESTS

a. *General Rules for Dairy Judging and Dairy Challenge*

- i. All contestants will be considered as "individuals" (they do not have to belong to a "team" to participate).
- ii. For these contests, a "team" is defined as a group of either three (3) or four (4) individuals whose contest scores will be considered as a "team score." Prior to the state contest, these team members may have worked together in a cooperative effort, but not necessarily. If there are 3 or 4 individuals from a county on the same level, they must compete as a team also.
- iii. Each county can have a maximum of 8 contestants for each level; Beginner, Junior and Senior, for 4-H Day 1 of Dairy Judging and Dairy Challenge Contest.
- iv. The members of a particular "team" should all be from the same county unless there is a multi-county program agreement. If a county does not have enough team members to fill 2 full teams (up to 8 participants per level), counties in the same 4-H Dairy Educational District may combine contestants to make a full team or additional team if the maximum number of participants has not exceeded 8 for each level.
- v. If a county has more than four individuals, and there is **not** an opportunity to add members from another county within the 4-H Dairy Educational District to form a team, those youth may participate in the contest as individual participants. Members of the team and those competing as individuals must be identified at registration. Individual participants are not eligible for team awards but will compete for individual placings.
- vi. Open to all Dairy Cattle 4-Her's. Entry will be in Beginner, Junior or Senior levels or divisions. Beginner division includes youth aged 8 -10 years as of Jan. 1, Junior team members must be at least 9 and less than 14 years old as of Jan.1 of the current year. Sr. members must be at least 14 years old as of Jan. 1 of the current year and not reached age 19 to or on Jan.1 of the current year.

- vii. Individual county rules may vary from State Contest rules. Please carefully read the state rules in this book.
- viii. Contestants are expected to provide their own pencils/pens when needed for a contest.
- ix. The use of cell phones by contestants will not be permitted during any of the dairy youth educational contests.

b. *Eligibility Requirements*

- i. Age – All contestants must be 8 by January 1 of the current calendar year and not have reached their 19th birthday by or on January 1 of the current year. To be eligible for selection as a member of a state team, contestants must have been at least 14 years of age by January 1 of the current year.
- ii. Project enrollment - Contestants must be enrolled in 4-H in accordance with county limitations. It is strongly suggested that contestants be enrolled in the project of which the contest is a project activity
- iii. No contestant may have been a member on a state team which participated in a similar official 4-H contest of regional or national character with the same species, unless officially exempted by the Superintendent of the contest, and as noted in the 4-H Dairy Challenge and Dairy Judging Contest "Entry Procedures".
- iv. Each contestant must have been officially designated as a member of that county's team, or as an individual contestant in cases where full teams cannot be obtained, by the Cornell Cooperative Extension Educator, 4-H, of their county.
- v. **No contestant may participate who as of the date of the State Contest will have participated in any official post-secondary competitive event of a similar nature in the same subject area (species) nor may the contestant have been in training for post-secondary competition.**

c. 4-H Dairy Challenge

Open to all Dairy Cattle 4-Her's. Entry will be in Beginner, Junior and Senior (See Dairy Educational Contest Rules) divisions. Each county may enter up to eight (8) individuals in each division and counties with at least 3 or 4 individuals participating at the same level must also compete as a team. Counties can enter individuals when a full team cannot be entered if the combining of county participants rule cannot apply (See Dairy Educational Contest Rules). There will be a pre-registration form emailed to counties for sign-up and registration for the contest will also be held at State Fair prior to the start of the contest in the dairy cattle showing.

If a youth participates at the State Fair Contest and goes on to Harrisburg for the Dairy Management contest and places as high individual at the contest in a prior year, regardless of state or county representation, that youth is ineligible to compete at our State Dairy Challenge contest held at the State Fair in subsequent years or the Dairy Management Contest.

- i. Stations will include the following but not limited to:
 1. *Judging* – four animals to be placed on body conformation.
 2. *Linear Trait Evaluation* – select animals which best answer questions on their linear type evaluation.
 3. *Farm and Food Safety* – questions relating to safe practices involved with farm, livestock and machinery plus handling and production of food.
 4. *Feeds & Nutrient Mgt.*– identify foodstuffs and/or answer questions about nutrition components and use in balanced dairy feeding program.
 5. *Dairy Beef* – identifying cuts, proper cooking and safe handling of dairy meats.

Station topics may be changed or substituted as needed. Stations 1 - 8 are worth 50 points each; Station 9 is worth 100 points.

The top 25 or 25% of seniors will be invited back for 2nd day of 4-H Dairy Cattle Judging during colored-breed week. Only senior team members

participating in both Day 1 and Day 2 are eligible for State 4-H Team Selection. Only Senior team members are eligible for State team selection. Those who have participated in the Harrisburg Contest are still eligible for the Madison or Louisville Team, but not eligible to go to Harrisburg again (same for Louisville.) There will be a pre-registration form emailed to counties for sign-up and registration for the contest will also be held at State Fair prior to the start of the contest in the dairy cattle showing. 4-H Competitors in the FFA Judging Contest are eligible to compete in both.

Each county may enter up to eight (8) individuals in each division and counties with at least 3 or 4 individuals participating at the same level must also compete as a team. Counties can enter individuals where a full team cannot be entered if the combining of county participants rule cannot apply (See Dairy Cattle Educational Contest Rules).

All individuals that are registered to the specific event (dairy judging or dairy challenge) will be eligible for individual awards and placings.

Pre-registration must go through the county educator. In compliance with national judging contest rules, any college students enrolled in a post-secondary dairy judging course is not eligible for judging contest.

i. Scoring

All scoring will be based on the 3-15 cut system with 50 points maximum for each class.

A zero (no score) will be given when:

1. No card is turned in for a class
2. A card is turned in with no placing
3. A card is turned in with no contestant identification
4. A card is turned in late

In cases where the placing of a contestant is not clear or there is a duplication of a number, the lowest possible score using the information presented will be used.

All breeding animals must have been owned by and under the care and supervision of the exhibitor since June 15 of the current year.  - All animals must be owned individually. Joint, syndicate, family, or farm ownership is not considered individual ownership. This means that the name on the animal's registration must be the youth showing the animal.
 - Any animal exhibited by a youth member may be subject to drug testing as deemed necessary by the Superintendent. If a positive result is obtained, the youth will be barred from showing animals at the State Fair, forfeit all premium money and prizes, and will be referred to their Youth Organization representative.

Cattle which are already identified by 840 visual eartags will be exempt from the 840 RFID tag requirement.
 - The Superintendent is authorized and empowered to cause the removal from the buildings and grounds of all animals failing to meet the health conditions herein specified.
 - Special Activities: **All Youth Beef exhibitors are required to participate in a series of educational activities.** Consideration will be made in certain instances involving conflicts of these events.

The Purebred Dairy Cattle Association Show Ring Code of Ethics

Adopted by PDCA in March 1969, revised March 1971, February 1977, February 1981, February 1986, February 1988, February 1989, February 1992, February 1993, November 1995, April 2002 and April 2004

- Grooming and Preparation
- Violations: False, Deceptive or Unacceptable Practices
- Exhibitor Responsibility
- Show Ethics Committee
- Violations: Reporting and Investigation

The showing of registered dairy cattle stimulates and sustains interest in the breeding of registered dairy cattle. It is also an important part of the promotion, merchandising and breeding program of many breeders. For these reasons, the Purebred Dairy Cattle Association (PDCA) believes that it is in the best interest of all breeders of registered dairy cattle to maintain a reputation of integrity in dairy cattle shows and to present a wholesome and progressive image of dairy cattle in the show ring.

PDCA endorses this Show Ring Code of Ethics for all dairy breed shows and pledges its full cooperative support for its enforcement to show management, show judges and the national breed associations.

The application of this Code of Ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this Code of Ethics. Dairy cattle exhibitors shall at all times deport themselves with honesty and good sportsmanship.

It is recognized that there are certain practices in the proper care and management of dairy cattle that are necessary in the course of moving dairy cattle to and between shows that are advisable to keep them in a sound, healthy state so they might be presented in the show ring in a natural, normal condition. At all times, exhibition livestock shall be treated in a humane manner and in accordance with dairy quality assurance practices so as to protect the health, safety and welfare of the livestock and the consuming public. No person shall present for exhibition or exhibit an animal which he or she knows, or has reason to suspect, is affected with or has been exposed to a dangerously contagious or infectious disease, disease or illegal or non-approved use of drugs, medication and/or prohibited substances or residue.

The position of the Purebred Dairy Cattle Association is that all animals presented for exhibition shall be in their natural conformation and structure, free of any alteration or modification by injection or internal or external administration of any substance or by any involvement in unethical fitting.

Animal Eligibility

The following breed purity standards will be used to designate registered animal status:

- a) **Ayrshire:** At least 87% purity as verified by the US Ayrshire Breeders' Association and exhibiting typical breed coloring/characteristics.
- b) **Brown Swiss:** A minimum designation of IE as verified by US Brown Swiss Association and exhibiting typical breed coloring/characteristics.
- c) **Guernsey:** At least 87% purity with PR designation as verified by the American Guernsey Association and exhibiting typical breed coloring/characteristics.
- d) **Holstein:** At least 87% RHA or higher as verified by the Holstein Association USA and exhibiting typical breed coloring/characteristics.

Grooming and Preparation

Dairy cattle exhibitions are conducted under standards for evaluating conformation established by the PDCA *Unified Score Card* (1994), with specific breed characteristics taken into consideration by the show judge. In this connection, animals will be groomed and prepared for the judge's evaluation in order to display the animal's natural contour, conformation, performance and mobility. Specifically:

1. External applications of cosmetics that affect only appearance may be used, including by way of example hoof polishes and false switches.
2. The maximum allowable length of naturally growing hair anywhere on the topline is not to exceed 1". Exhibitors will be required to comply with this rule before the animal is allowed to enter the ring. **EXCEPTION: In order to keep uniformity between New York State shows, we will allow a 1 ½" topline. However, when the animal comes to the show ring, if this limit is exceeded, the animal WILL NOT show.**

3. Addition of foreign objects, including but not limited to hair or hair substitutes, cloth or fiber, to change the natural contour or appearance of the animal's body is prohibited.
4. Externally sealing the teat end with a preparation that does not harm the animal's skin is permissible. Natural teat placement will be given preference over artificially positioned teats.

Violations: False, Deceptive or Unacceptable Practices

These practices are violations of the Code of Ethics and will be reported to show management and may be reported to the respective national breed associations:

1. Misrepresenting the age and/or milking status of the animal for the class in which it is shown.
2. Treating the animal, particularly the udder, internally or externally:
 - a. with an irritant or counterirritant
 - b. using a device to artificially create or enhance the udder crease
 - c. using other substances as detected by testing that causes changes in the udder to artificially improve the conformation.
 - d. plugging of teat canal with foreign substances.
3. Surgical or unethical insertion of any matter under the skin or into body cavities, performed to change the natural contour or appearance of the animal's body (e.g., administration of fluid via a stomach tube or other similar apparatus to fill the rumen), though not to preclude practices required or involved in normal management.
4. Criticizing or interfering with the judge, show management or other exhibitors while in the show ring or other conduct detrimental to the breed or the show.
5. Challenging, threatening or interfering with an ethics committee appointed by show management to monitor the animals on exhibit on the show grounds.

Exhibitor Responsibility

The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter and/or responsible person (hereinafter referred to as "Exhibitor") for show management to obtain any specimens of urine, saliva, blood, milk or other substances from the animal to be used in testing. Materials may also be collected by ultrasound and photographic methods and by direct examination of the animal.

The act of entering an animal is the giving of consent by the owner, exhibitor, fitter and/or absolutely responsible person (the "Exhibitor") to have disciplinary action for violation of this Show Ring Code of Ethics taken by show management, the state in which the show occurs, and/or the national dairy breed association without recourse.

Show Ethics Committee

Each show should have an Ethics Committee. The make-up of this committee should include official breed representatives, representative(s) of show management (e.g., dairy cattle show superintendent, General Manager), the official show veterinarian and Extension representative.

The Ethics Committee will be responsible for monitoring violations of the Show Ring Code of Ethics. The Ethics Committee will investigate the report of any violation and determine the accuracy of the allegation. The Ethics Committee will have the authority to inspect animals and related material to determine if violations have occurred.

Violations: Reporting and Investigation

Complaints of alleged violations can be reported to the breed superintendent, the show superintendent, show management and/or the Ethics Committee.

Before an Animal is Shown

If the Ethics Committee suspects that a violation of the Show Ring Code of Ethics will occur if the animal is shown, and that violation is reasonably well established before the animal is shown, the Ethics Committee will submit a report to show management.

Show management will discuss the violation with the Exhibitor:

1. If, at the Exhibitor's discretion, the animal in question is not shown, no violation will have occurred.
2. If the Exhibitor wishes to challenge that a violation occurred, he/she/they will have opportunity to appeal to the Ethics Committee. If its decision is not changed, the Exhibitor will be denied opportunity to exhibit the animal in question.

During and After an Animal is Shown

All animals are subject to examination during judging. The judge and Ethics Committee are instructed to examine the top five (5) animals in each class closely for violations of the Show Ring Code of Ethics. When a violation may have occurred, a milkout may be called for. This call may be by breed association rule, or by request of an authorized representative of the national breed association, the judge, the Ethics Committee or show management.

If an animal is exhibited and a violation of the Show Ring Code of Ethics is subsequently suspected, investigated, and determined to have occurred, the violation will be reported to the Ethics Committee and show management for action. The Exhibitor will be notified of the violation and the supporting evidence and invited to defend or explain the allegations.

Violations are subject to the disciplinary provisions of show management, the state in which the show occurs, and the national dairy breed association. Sanctions may include any one, or combination of the following:

- Forfeiture or return of awards, prizes, premiums or proceeds;
- Written letter of reprimand to the owner, exhibitor, fitter and/or absolutely responsible person (the "Exhibitor");
- Disqualification of the exhibition livestock from an exhibition;
- Disqualification of the Exhibitor from the show;
- Publication of offense.

Disqualification may include any or all shows and classes and may be for any number of years.

It is also **IMPEATIVE** that you bring the original health papers with you for inspection upon arrival on Fairgrounds.

The dog should be trained and shown by the 4-H'er at the next highest level of training. (Remember in 4-H rules – moving from A to B is not moving up a level except in G & H). It is the responsibility of the 4-H instructor/educator in any county to verify that the dogs entered State Fair competition have been trained at the level being shown by the 4-H exhibitor.
- All entries must be completed online by **Friday, August 12, 2022 at 5:00 pm** here: <https://nysfys.fairwire.com/>. For instructions on using the online entry system [click here](#).

- Premiums are not paid in Brace, 4-Person Team, or Drill Team. Only two brace and two 4-Person Teams allowed per county. **Absolutely no post entries** will be accepted for any classes.
- In situations where Cornell Cooperative Extension entries cannot be finalized until after the State Fair entry deadline, **ALL** potential entries should be entered by the deadline and the State Fair Entry Dept. **and the Dog Show Superintendent should be notified of scratches prior to the start of the fair.**
- All 4-H dogs must conform to the rules and regulations of the Livestock Health requirements as determined by the Department of Agriculture and Markets printed at the beginning of the catalog.

- All exhibitors **MUST** bring their dog's rabies certificate with them as a digital form (use your phone, tablet) to State Fair. **YOU WILL NOT RECEIVE A NUMBER IF YOU DO NOT BRING YOUR DIGITAL COPY.** Any entry form that does not have a valid rabies certificate attached will be considered void. It is recommended that you have your dogs immunized (as appropriate to their age) against distemper, hepatitis, leptospirosis and parvovirus yearly. Bordetella and parainfluenza virus vaccines are also recommended annually for show dogs. Exhibitors should consult their veterinarian for further information about these vaccines as well as internal and external parasite control programs.
- **Each** county participating is expected to provide help for stewarding. A steward is expected to finish an entire class.
- 4-H dogs will be exhibited in the Coliseum and warm up ring on Wed., Aug 24.
- **AT NO TIME MAY A DOG BE LEFT UNATTENDED.**
 - **EXHIBITORS ARE RESPONSIBLE FOR THEIR OWN DOGS AND MUST IMMEDIATELY CLEAN UP AFTER THEIR DOGS. FAILURE TO OBSERVE THESE REGULATIONS WILL RESULT IN IMMEDIATE DISCIPLINARY ACTION.**

- Restrictions on numbers of entries per county are noted with each of the class descriptions.
- The performance of the 4-H'ers and their dogs will be scored according to standard score sheets. In general, American Kennel Club (AKC) rules will be used for obedience and rally class evaluations. However, mixed parentage dogs are welcome.

General Guidelines for Grooming and Handling Classes

- One entry per handler in Grooming and Handling. 4-H'er can **NOT** enter multiple Grooming & Handling Classes. Handler would be competing against themselves.
- The Appearance of the Animal (Grooming) will account for 45 points and the Showing (Handling) of the Animal will account for 45 points. Knowledge of handler (appropriate to class level) will account for 10 points. Maximum possible score will be 100 points. **Ties are broken based upon handling skills and knowledge of handler.**
- If a dog defecates or eliminates in the ring during Grooming and Handling, they will lose **15 points per occurrence.**
- If a 4-H'er is also entered in one or more obedience classes, he/she should notify one of the stewards in the obedience class(es) that he/she is also entered in Grooming and Handling and note which ring. Where possible, 4-H'ers should participate in their Grooming and Handling class as scheduled. The individual exercises of the obedience classes require only one 4-H'er and his/her dog at a time so it is easier to pick up an obedience class later than it is to group 8 or more handlers together for a Grooming and Handling class. *Discriminating* use of bait (food, toy, etc.) will be allowed in Grooming and Handling classes but is not mandatory. Inappropriate baiting will be severely penalized.

- Dogs must be shown by the 4-H member who did the grooming. The same dog may not be shown twice.
- Gaiting Patterns
 - Dogs should be moved at a trot.
 - How smoothly a pattern is performed is more important than the actual mechanics of it (i.e., which hand switched where). 4-H'ers should strive to keep their dogs between themselves and the judge where possible.
 - 4-H'ers in all divisions (A,B,C) will be expected to be able to gait their dog in a circle, a triangle and in a straight line. The straight line may be on a diagonal of the ring or parallel to a side of the ring (e.g., judge may ask handler to gait their dog "straight up and back").
 - 4-H'ers in Grooming and Handling divisions B and C will additionally be expected to be able to gait their dogs in an L pattern and also in a straight line paired with another 4-H'er and his/her dog.
 - In any division (A,B,C), the judge will ask the 4-H'ers questions about their dogs. In the A division, basic questions such as "How old is your dog?", "What breed/breeds is your dog?", etc. may be asked to familiarize the 4-H'er with being asked a question and responding. In the B division, more difficult questions may be asked (e.g., parts of the dog, breed specific questions, etc.).

Rider Safety and Animal Care

It is the responsibility of the rider, or the parent or guardian of the exhibitor to see to it that the head gear worn complies with the appropriate safety standards as set forth in the official 4-H policy. Cornell Cooperative Extension, New York State 4-H, and the New York State Fair make no representation or warranty expressed or implied about any protective head gear, and caution riders that death or serious injury may result despite wearing such protective head gear, as all equestrian sports involve inherent dangerous risk and as no helmet can protect against all foreseeable injuries.

Proper equestrian footwear with a distinguishable heel and an approved helmet shall be worn at all times that a rider is mounted on an equine, sitting in a cart or handling a horse in a riding arena (whether on the ground, mounted or seated in a cart) at a 4-H sponsored clinic or show.

Exhibitors are responsible for the humane treatment and well-being for any horse in their care. They are to be treated humanely and with dignity and respect. Showing competitively is of secondary importance.

Event Specific Rules

Donkeys and Mules will be considered an “equine” and can be shown in any horse or pony classes in all Divisions at the New York State Fair 4-H Horse Show. They must meet all qualification requirements as stipulated in the NYS 4-H Equine Show Rule Book and the State Fair Youth Animal Exhibits Book. They must qualify in their county and/or region for any class that they enter in any of these Divisions.

1. Each specific event is governed by rules developed for that event (see “NYS 4-H Horse Program Rules” for each event for details). Visit the website at: www.ansci.cornell.edu/4h/horses/index.html.
2. In general, the rules developed for each specific event will take precedence over general rules if there is any variation.
3. Please refer to the “NYS 4-H Horse Show Rules” for the most complete details of each specific event.

EQUINES

ATTENTION - There will be NO Vet Inspection Station when entering grounds at Gate 7.

- REFER TO: Health Requirements section of the State Fair “Youth Livestock” premium book: <http://www.nysfair.ny.gov/competitions>

- ORIGINAL: Rabies certificate and Coggins papers must accompany the animal – bring to the NYS 4-H Horse Show Office at check in. No animal will be admitted that does not meet all health requirements.
 - COPY: Of both the rabies certificate and the Coggins papers must be attached to the entry form that is being sent to Robin Bartholomew/4-H Horse Superintendent.
1. All equines must be at least 24 months of age. No intact stallion over 12 months of age may be present at a 4-H sponsored clinic or show.
 2. All equines shown in ridden and driven classes must be 3 years of age or older. If exhibiting a “junior equine” in the Western Division and using a snaffle or bosal – refer to age requirements in the Western Section of the NYS 4-H Horse Program Rule Book.
 3. All equines must have been officially designated as the member’s project animal by June 1 of the current year. A copy of the completed certificate must be on file with your county Cornell Cooperative Extension office. Members may designate all personally or family-owned equines as project animals. Family will be defined as the legal guardian, as well as husband, wife, parent, stepparents, child, brother, stepchild, sister, half brother and sister, grandmother and grandfather and in-laws of the same relation. Any “shared” family-owned equine being shown in Jr. and Sr. classes, may NOT be entered in more than 6 classes per division.

Members not owning or using a family-owned equine may designate one non-owned equine as their project animal. The only exception to this will be youth may also designate donkeys, mules, minis or driving, mounted games and Drill/Parade/Quadrille as project animals, if they have already designated an owned or non-owned equine.

A non-owned equine may be shown by different youth in different Divisions. A non-owned equine may not be shown by multiple youth in each Division.

4. Equines entered as ponies will be measured at check-in or present a USEF permanent pony card. This measurement will supercede all previous measurements and will be the sole basis for determination of status. There is no minimum size for equines entered as horses. Pony = 14.2 hands or less at the withers. (See 4-H Horse Show rulebook.)

Exhibitors and Entries

1. Exhibitors must meet age and membership requirements as specified for all Youth Dept. participants. They must be 4-H members.

A **maximum of three (3) divisions** may be entered with no more than fifteen total classes in all divisions, regardless of the number of equines being exhibited. A **maximum of two (2) equines** per exhibitor may be entered with Mini's, Donkey/Mules and Driving not being included in the maximum number of equines. Costume, Drill/Parade/Quadrille and Mounted Games classes **do not** count in determining the number of classes in a division or in the show. **Showmanship at halter** does count as one of the five (5) classes per division.
 - a. Exhibitors must use the same equine(s) in the state show event as they used at the regional/county selection show(s).
 - b. Exhibitors may enter only those classes in the state show in which they

received a “blue-excellent” award or its equivalent in the same or similar classes at the regional/county selection show(s). If consecutive order placing ribbons are used in the selection show(s), it shall be the responsibility of the county/regional staff or committee to determine the number of entries in each class deemed to merit the “blue-excellent” rating:

One (1) class may be entered in which a “red-good” rating was awarded in the same or similar class at the regional/county selection show(s) in order to assist meeting the suggested minimum of three classes per exhibitor **except** for over fences classes in the Hunt Seat Division, and reining and western riding in the Western Division.

 - e. No equine may be entered by more than one exhibitor in any class.
 - f. No non-owned equine may be shown by more than one exhibitor in a division. Only one rider per leased horse per division.
5. Entries may not be submitted for nor will they be accepted from exhibitors who, during their participation in the previous year’s State event, received an official reprimand for rule violation from the Extension Horse Specialist, 4-H Horse Program Superintendent, Chair of the Division, the Show Committee or the 4-H Cornell Cooperative Extension Agent of their county of membership.

Procedures

1. Please refer to the “NYS 4-H Horse Show Rules” for the most complete details.
2. Unless there is an official veterinarian available, the judge has the authority to dismiss from any class or the show any horse judged to be unsound or is apparently carrying a disease or other condition which would preclude appropriate or safe performance.
3. The judge, ring master, division chairs or 4-H Horse Program Superintendent or Extension Horse Specialist may dismiss from any class, the show, or the grounds any exhibitor who is cruel and abusive of a horse, fails to follow or obey instruction, cannot maintain control of an unruly or inadequately trained equine or fails to cooperate with show management or other exhibitors. A kicking horse is considered unmanageable.
4. **The decisions of the judges are final** and represent a non-protetable expression of individual preference unless a decision is alleged to be in violation of rules.
5. Tack
 - a. A judge, technical delegate or division chair shall have the authority to inspect all tack and equipment and to require the removal, replacement, or alteration of any piece of equipment deemed by the judge, technical delegate, or division chair to be unsafe, inappropriate for a 4-H show or which would give the equine or the exhibitor an unfair advantage.
 - b. Broken tack in a class will be a disqualification from class.

6. Classes which are larger than the ring can safely accommodate may be split.
7. Exhibitor numbers will not be given if the helmet is not officially approved. It is the responsibility of the exhibitor to provide proof of approval.
8. No patterns or courses will be used that will jeopardize the safety of the equine or the exhibitor. All patterns and courses for classes other than those contained in the rule book are to be posted at a reasonable time prior to the start of that class and there is to be no variation from the posted pattern or course.
9. Delay of classes
 - a. In classes where horses compete collectively, a warning is issued and the in gate is closed, or at the end of the one-minute call.
 - b. In classes where equines compete individually, an order of go will be established and one minute allowed for the exhibitor to enter the ring. If jump order is used, it must be posted 30 minutes prior to the start of the class.
 - c. If a class in which horses compete together is in progress and must be stopped due to a storm, accident or other emergency, it is recommended that the class will be held over in its entirety and no consideration will be given to the performance during the original session.
10. Classes in which there are fewer than 4 exhibitors may be combined with other classes as deemed appropriate by the show officials. Classes may be sectioned by age of rider, size of equine, size of class, etc.
11. Each event (educational or horse show) will be under the direct supervision of the NYS HEC Chairperson who will also be responsible for recruiting all or part of the teen leaders and volunteers who will assist with the event. The physical facilities, equipment, teen assistants, supplies, general operations, horse show office, stable management and ring condition are the responsibility of the 4-H Horse Program Superintendent. Each horse show division will be under the direction of the division chairperson. A technical delegate for each show division will also be identified to assist exhibitors and to help ensure adherence to established procedures and rules. A committee of three persons will be established prior to each horse show division or educational event. This committee will make all necessary decisions if the need arises.
 - a. Horse Show Committee will consist of:
 - i. Division Chair
 - ii. Technical Delegate
 - iii. 4-H Horse Program Superintendent
 - b. Educational Event Committee will consist of:
 - i. Event Chair
 - ii. A CCE Staff person
 - iii. A volunteer, coach or parent

The State Extension Horse Specialist will be available to help with decisions if needed or when on the grounds. If the specialist is not needed or available, the three-member committee has the authority to make decisions concerning their event.

Adult volunteers are welcomed in a variety of tasks. Each region must also designate one or more Regional Exhibit Coordinators who will be responsible for the stable area, designating stalls to be used, and serving as a source of information throughout the time the region has exhibitors on the grounds.

Supervision and Conduct

1. Protests
 - a. Protests must be made by an exhibitor or group captain, not by parents, coaches or any outside party. Protests must be confined to the exhibitor or group's own performance or placing, and in no case may a protest be made of another exhibitor's or group's score, placing or performance. (See Rule Books for more specifics).
 - b. Protests are to be lodged with the Technical Delegate or the Division Chair prior to the beginning of the next event or class. The Technical Delegate and/or Division Chair will then determine the necessity of approaching the judge through the ring master and/or the chair.
2. No parent, coach, visitor, or exhibitor may approach, question, or direct public comment to or about the judge. Violations will be handled on an individual basis by the technical delegate, division chair, superintendent, show or event committee and, in extreme or flagrant cases, the NYS 4-H Horse Education Committee and/or the Extension Horse Specialist.
3. Conduct unbecoming to a parent, supervisor, or exhibitor is subject to disciplinary action. Coaching from ringside during class is considered unbecoming conduct.
4. Barn & Grounds Rules
 - a. No exhibitor or other youth will be permitted to sleep in the barns
 - b. All barns close at 10:00 pm
 - c. When mounted, 4-H exhibitors must have their show number visibly always displayed when on the New York State 4-H horse show grounds.
 - d. No bareback riding on the New York State 4-H horse show grounds.
 - e. There shall be no riding or other using of equines within the rings or pole barn area after the rings are officially closed. Rings close at 9:00 pm
 - f. No smoking, cooking or use of any heat generating device may take place in the barns or immediately adjacent to the barns.
 - g. No one other than exhibitors may ride, school or train on an equine entered in the show while on the 4-H show grounds. If a youth is having a problem with an equine, please talk with the Horse Show Superintendent or Division Chairperson – justified exceptions can be made. Safety of youth and equines is of primary concern.

Awards and Premiums

1. Consecutively numbered and appropriately colored rosettes will be awarded to no more than 10 entries in each class.
2. Each exhibitor of an equine will be awarded a “day premium” for each of the total number of days during which classes in the division or divisions in which they are entered are compete.
3. Each exhibitor of an equine used in the horse judging contest, or the Hippology Contest will receive a premium for \$4 for the use of the horse in each class in which it is used and a \$5 premium in each class in which the exhibitor leads or rides the horse.

Rules & Regulations

1. All entries must be completed online by **Friday, August 12, 2022 at 5:00 pm** here: <https://nysfys.fairwire.com/>. For instructions on using the online entry system [click here](#).
 - a. Exhibitors must receive endorsement of a county 4-H Educator, FFA Advisor or other breed organization as permitted by the specific department. Any entry that does not receive endorsement may be scratched.
 - b. Additionally, all exhibitors must meet all the requirements set by that organization (i.e., membership, ownership, specific class requirements, etc.) as well as any animal health and registration requirements specified by their department.
 - c. Exhibitors are responsible for emailing their entry receipt to their County Educator and Department Superintendent. [A directory of these contacts is located here.](#)
2. There is **NO** limit on the **NUMBER** of animals that can be exhibited. However, each exhibitor is allowed to enter **ONLY** 1 animal in each **CLASS** in each **BREED** – rabbits and cavies.
3. In situations where Cornell Cooperative Extension entries cannot be finalized until after the State Fair entry deadline, **ALL** potential entries should be entered by the deadline and the State Fair Entry Dept. should be notified of scratches prior to the start of the Fair.
4. All Youth Rabbits and Cavies must conform to the rules and regulations of the Livestock Health Requirements as determined by the Department of Agriculture and Markets printed at the beginning of the catalog. All Youth Rabbits and Cavies must go through a compulsory health check at registration before they will be allowed to show.
 - a. Each animal only needs to be health checked once, upon arrival (unless the animal travels home and back for each day).
 - b. All rabbits and cavies must be health checked. 4-H standards of health may be stricter than American Rabbit Breeders Association (ARBA) requirements.
 - c. Under adult supervision, youth may be health checking animals. These youth will be experienced rabbit raisers and have had prior training.
 - d. Animals not passing the health check will need to be housed in a specially designated area until it is possible to bring them home.
 - e. Health Checkers will be available according to the following **SCHEDULE** (please schedule your arrival accordingly):
 - i. Friday, September 2 7:00 - 9:30 pm
 - ii. Saturday, September 3 8:00 - 9:45 am

Animals arriving on Friday (Sept. 2) or Saturday night (Sept. 3) need to be placed in a specially designated area (NOT the same as the area housing animals that have passed the health check) until they can be health checked. |

5. Rabbits and cavies must be brought to the fair in a suitable carrying case/cage. Each exhibitor must assume complete responsibility for his or her animal(s) while at the show. The State Fair or designated superintendent assumes no responsibility for animals brought to the show or exhibited.
6. Total State Fair Youth Rabbit and Cavy Events last two days. Exhibitors who wish to participate in events on both Saturday and Sunday may wish to house their rabbits and/or cavies overnight (Friday and Saturday night). Space is available in the Youth Arena and, with permission from the superintendent, rabbits and cavies may be housed there overnight. Animal cages, feed, etc. are to be supplied by the exhibitors.
7. **All Youth Rabbit and Cavy Events will be held in the Youth Arena. (This is not the Poultry Building where the Open Show Rabbits are housed.)**
8. Only exhibitors will be allowed in the show arena during any event. Youth are expected to bring their own rabbits and cavies to the table for any contest/breed class. If they are already at one table during the breed show when a second animal of theirs is needed at another table, another youth should be asked to bring the second animal to the appropriate table.
9. Show coats are **not** required. Expected attire will include either a long sleeve show coat of any color OR a long sleeve collared white button shirt.
10. Breed Show
 - a. Rabbits and Cavies will be judged on the Danish System in each class, but American Rabbit Breeders Association (ARBA) standards will be followed.
 - b. The Best of Breed and Reserve Best of Breed will be selected from the class winners. The owners of the Best of Breed winners are expected to bring their animal back to the show table at the completion of the judging for the selection of Best Reserve in Show and Best in Show.
 - c. Cavy exhibitors will be awarded ribbons on the Danish System (Blue, Red, White).
 - d. All exhibitors must register on the day of the show at the Youth Arena. **Tattoos in the left ear will be required.**
 - e. The rabbit/cavy show will begin at 10 am There will be **NO** “break” during the show. Breeds will be judged beginning with the most populous breed exhibited.

County requirements must be met where applicable.

The youth must be entered in class #710 Youth Rabbit Breed Show Exhibitor or #715 Youth Cavy Breed Show Exhibitor by Friday, September 2. The following breeds and varieties will be judged on Saturday, September 3, starting at 10:00 am.
