A. GENERAL INFORMATION

The 4-H Poultry Science Program at the State Fair is a part of the total New York State Fair 4-H educational program. Teen leaders are selected by the county agent and the state specialist according to outstanding attitude and knowledge in the poultry area. Teen Leaders will be required to work both a.m. and p.m. chores. All youth accepted for Teen Leader positions will be notified of acceptance by e-mail ONLY. If no e-mail is provided on application, no acceptance notification will be sent out. The only youth that will be personally called will be the teens that are applying for a Teen Assistant position in Poultry Science.

The Poultry Science activities are designed to complement, supplement and Jr. Supers stimulate county and regional 4-H programs. The activities at the State Fair are cooperative efforts of youth, volunteer leaders, and of county and state extension personnel to provide opportunities for people to grow and develop.

In addition to the specific rules and regulations for this section, all participants are subject to the general and dormitory regulations for youth.

County master list of exhibits to be judged is required for this division.

Any questions should be directed to your County Extension Educator or Mary Ann Whipple at whipple6@gmail.com.
