

NYSVMS Hall of Veterinary Health 2019 Live Presentation Schedule

Wednesday 8/21

Honey Bees – Edward Chapman, DVM will give a presentation on honey bees and the veterinarian. Presentations at 12, 2, and 4pm.

Thursday 8/22

Equine Biosecurity - Rebecca Goodale, DVM, will discuss equine biosecurity. Biosecurity is any procedure or measure designed to protect the population against harmful biological or biochemical substances. She will discuss precautions that should be taken to limit the spread of disease while working with horses. Presentations at 12, 2, and 4pm.

Friday 8/23

Hawks/Falcons/Owls - Cindy Page, from the Page Wildlife Center in Manlius, has been rehabilitating native wildlife for three decades. Injured, ill, and orphaned wild animals are cared for with the intent to release them back to the wild. Come see a variety of non-releasable hawks, falcons, and owls. Meet these beautiful and exciting creatures up close and personal! Presentations at 12, 2, and 4pm.

Saturday 8/24

Shetland Ponies –Thera-Ponies will do a live presentation featuring their UK Shetland Ponies. The organization has a 30 year history of preparing UK Shetland Ponies to work in therapy centers with special needs people. Come and meet these remarkable ponies! Presentations at 12, 2, and 4pm.

Stuffed Animal Giveaway! One per child while supplies last.

Sunday 8/25

Reptiles - Diana Sleiartin of MaxMan Reptile Rescue will offer you a chance to meet and greet the reptiles. A great interactive experience and a chance to learn about the dinosaurs' closest living relatives! Presentations at 12, 2, and 4pm.

Stuffed Animal Giveaway! One per child while supplies last.

Monday 8/26

Reptiles - Diana Sleiartin of MaxMan Reptile Rescue will offer you a chance to meet and greet the reptiles. A great interactive experience and a chance to learn about the dinosaurs' closest living relatives! Presentations at 12, 2, and 4pm.

Tuesday 8/27

Acupuncturist - Alicia Brown, DVM, a certified veterinary acupuncturist, will do a presentation and demonstration of this ancient and fascinating alternative medical approach, discussing its role in pain control, disease management, and general well-being. Other complementary medical approaches such as herbal medicine will also be presented.

Canine Rehabilitation - Jennifer Crompton and Jennifer Barnes, both licensed veterinary technicians (LVT) and Certified Canine rehabilitation practitioners (CCRP), will give demonstrations on how rehabilitation can help your dog cope with arthritis and other debilitating muscle, joint, and nerve conditions, as well as speed recovery from surgery. They bring several tools and a land treadmill for demonstrations. Laser therapy and acupuncture will be demonstrated as well. Presentations at 12, 2, and 4pm.

Wednesday 8/28
