

DAIRY CATTLE

Special Note:

Since we cannot fit all the Dairy Cattle in the barn at the same time there are two shifts of cattle. If you want to see a specific breed of dairy cattle please check the schedule below.

Also, Monday, August 26 the dairy cattle barn is empty. This is to allow the barn to be cleaned out, disinfected and re-bed for the next shift of cattle to arrive.

And on Monday, September 2 it is empty as all the shows are over and due to pedestrian traffic, all cattle need to leave at midnight the night before.

- However, there are dairy cattle, along with calves all 13 days of the Fair at the Live Birthing Exhibit located at the end of Broadway, near gate #10.
