

2023 New York State Fair

EMERGENCY and MOTORIST ASSISTANCE

Blue Line Towing will be on State Fair property to assist with lockouts, tire service, fuel delivery, and battery jump starts for any motorist needing assistance during the 2023 New York State Fair.

In the event Blue Line Towing cannot take care of an issue on State Fair property and the vehicle needs to be towed off State Fair property, Blue Line Towing can tow it off-site to a designated service center.

In the event the vehicle owner wishes to utilize a different tow company for service, repair, or to tow the vehicle, Blue Line Towing will tow that vehicle to the Byrne Dairy at 759-763 State Fair Blvd. in Lakeland, just about one mile down the road from the State Fairgrounds.
